Teachers – You can arrange the assessment any way you like. For example, you can cut out each image and have give students verbal instructions on what color to color the person. Or, you can place the directions on the projector with the images in front of the children. You know your teaching situation best.

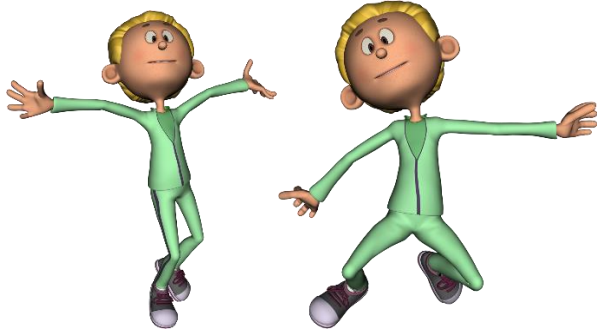

1. Color The Person Skipping Red
2. Color The Person Crawling Blue
3. Color The Person Running Purple
4. Color The Person Walking Orange
5. Color The Person Galloping Green
6. Color The Person Hopping Pink
